INCENTIVES & CONGRESS

EACH TASK IS THE BEGINNING OF A NEW WORK OF ART

## THE PASSION FOR INCENTIVES & CONGRESS

Each request we receive from our clients is like creating a new work of art. Organising an event for us is an exciting challenge resulting in an original painting, rich in tones and unique.

For this, we believe that entrusting us to make your event a success is the right choice. **Boscolo Incentives and Congress**, the most recent spring-off of **Boscolo**, is the last, but by no means, the least important division of the group.

For several years we have run high-profile events with determination and passion and brought success to our important clients. Each time we have pushed ourselves further, realising our potential and undertaking new ambitious projects.
